

BRYCE A. CORVERA

Address: Baan Km3 Butuan City
Phone: 0939-266-5553
Email: bryce.corvera21@gmail.com
Website: <https://nest-js-portfolio-three.vercel.app/>

SUMMARY

Highly motivated BSIT graduate and Full Stack Web Developer with experience building modern web applications, backend systems, APIs, and secure software solutions. Skilled in Python (Flask), NestJS, React, Next.js, JavaScript/TypeScript, Linux systems, and database-driven applications. Experienced in developing scalable applications, system integrations, deployment workflows, and applying cybersecurity practices through projects, vulnerability assessments, and CTF competitions. Passionate about creating reliable, efficient, and secure solutions while continuously improving skills through modern development practices and AI-assisted tools.

WORK EXPERIENCE & ACHIEVEMENTS

Department of Transportation (DOTr) Region 13 **December 2025 - March 2026**

- Developed and deployed a face recognition biometric system for secure identity verification.
- Built backend services, authentication, and system integrations.

North Noir (Full-Stack Developer) **January 2026**

- Developed and maintained full-stack web application features.
- Built responsive user interfaces and integrated backend services.
- Collaborated on deployment, performance optimization, and system maintenance.

Department of Information and Communications Technology **February 2021 - December 2022**

- Secured 8th place in the Hack4Gov cybersecurity hackathon, applying digital forensics, cryptography, and network analysis to solve secure system and threat mitigation challenges under time pressure.

EDUCATION

Bachelor of Science in Information Technology **January 2022 - March 2026**

ACLC College of Butuan

- Capstone Project: "Wonder Table: An Android Based Augmented Reality Learning Tool for Periodic Elements".

SKILLS

- Backend Development (API design, authentication, system debugging)
- Fullstack Web Development
- Database Design & Management
- Cybersecurity Fundamentals & System Hardening
- Problem Solving & System Debugging

TOOLS/SOFTWARE

- Languages & Frameworks: Python (Flask, Django), JavaScript/TypeScript (NestJS), Basic PHP
- Frontend: HTML, CSS, TailwindCSS
- Databases: MySQL, PostgreSQL, Supa Base
- Dev Tools: Git, GitHub, Postman, VS Code
- AI Tools: Cursor, Claude
- Systems & DevOps: Linux (Ubuntu/Kali), Tailscale, Server Management
